Subject: Draft Feasibility Study for Site 11a - Former Building 3033 Vehicle Repair Facility and Underground Waste Oil Tank (February 2011 Revision), Joint Expeditionary Base Little Creek, Virginia Beach, Virginia
Navy Clean III Program, Contract N62470-02-D-3052, Contract Task Order 0125

Dear Mr. Peed:

Enclosed are two hard copies and one CD-ROM of the February 2011 Revision of the *Draft Feasibility Study for Site 11a -Former Building 3033 Vehicle Repair Facility and Underground Waste Oil Tank* at Joint Expeditionary Base (JEB) Little Creek in Virginia Beach, Virginia. Additionally, enclosed are one hard copy and one CD ROM of the *Final Remedial Investigation Addendum Report for Site 11a* at Joint Expeditionary Base Little Creek, Virginia Beach, Virginia. Hard copies and CD-ROMs are also being provided to Mr. Jeff Boylan of the USEPA Region III, and Mr. Paul Herman of the VDEQ, for review as outlined on the distribution list below.

If you have any questions or comments regarding the enclosed document, please feel free to contact me at 757.671.6236.

Sincerely,

CH2M HILL

Adrienne Jones
