---

Hi Team,

I am just sending this so Paul can get an updated email list for the main team members. Be sure to let him know if you have any questions or comments.

Thanks,
Lila

FW: Parris Island Data Report -
Event 1

Hi Lila,
Attached is the Parris Island Data Report for event 1 under ESTCP project ER-0705, Assessment of the Natural Attenuation of NAPL Source Zones and Post-Treatment NAPL Source Zones. Sorry it took so long in getting it out to you. If you have any questions, please contact me.
We hope to be in the field for Event 2 this summer. We will keep you updated on that.
Regards, Paul
