DISPOSITION OF HERBICIDE ORANGE
A. COMSC WASHINGTON, D.C. MSG 102131Z DEC 74
1. REF A INDICATED THAT EARLIEST AVAILABILITY OF VULCANUS MIGHT POSSIBLY BE LATE SEPTEMBER EARLY OCTOBER 1975.
2. IT IS NOTED THAT CURRENT PLANS REQUIRE THE CONSTRUCTION CONTRACTOR TO CPMPLETE THE DE-DRUMMING FACILITY BY 30 MAR 75. THIS IS AN EXTREMELY TIGHT CONSTRUCTION SCHEDULE REQUIRING FLAWLESS EXECUTION BY CONTRACTOR, INCLUDING NO MATERIAL DELAYS.
3. IF TIMEFRAME INDICATED IN REF A IS TRUE THEN STRONGLY RECOMMEND THAT CONTRACT SPECIFICATIONS BE MODIFIED TO ALLOW CONTRACTOR MORE TIME FOR CONSTRUCTION. THIS COULD RESULT IN GREATER CONTRACTOR INTEREST AND A MORE FAVORABLE PRICE TO THE GOVERNMENT.
4. BID OPENING IS CURRENTLY SET FOR 9 JAN 1975. THEREFORE, IT IS REQUESTED THAT YOU CONFIRM SHIP LOADING DATE AT GULFPORT BY NLT 27 DEC 1974 SO THAT BID OPENING DATE WILL NOT HAVE TO BE CHANGED.
