

Drinking Water Well Questionnaire

If the drinking water consumed on your property comes from local groundwater (e.g., a well), the Navy would like to sample your drinking water to test for per- and polyfluoroalkyl substances (PFAS), at no cost to you. If your drinking water is supplied by City of Yuma Water Utilities, we do not need to test your drinking water.

If you do not have a drinking water well, please complete the questionnaire by completing questions 1 through 3 below (marking "no" for question 3) and return to the Navy. If your property uses local groundwater (e.g., a well) for drinking and cooking, please complete as much of the questionnaire as possible and return to the Navy. Completed forms can be returned to the Navy by:

- *mailing the form to the following address:*

*Commanding Officer
Marine Corps Air Station Yuma
