Re: Naval Ammunition Facility
Vieques, P.R.

Dear Captain Kennedy:

This is to inform you that the United States Environmental Protection Agency (EPA) has reviewed the Preliminary Assessment (PA) for your Federal facility listed on the Federal Agency Hazardous Waste Compliance Docket ("docket").

With regard to Naval Ammunition Facility, Vieques, Puerto Rico, have determined that further evaluation of the facility is ranted and therefore, a Site Inspection (SI) must be conducted this time. Enclosed is a guidance package which explains the ype of information needed for the SI as well as the EPA contractor's (NUS Corporation's) Preliminary Assessment evaluation report recommending that an SI be performed by your facility.

The SI form should be submitted to this office as soon as possible. If you have any questions, feel free to contact Helen Shannon, Regional Docket Coordinator, of my staff at (212) 264-6664.

Sincerely yours,

Robert Wing, Chief
Federal Facilities Section
