Re: Transmittal of Draft Remedial Investigation Report for Solid Waste Management Unit (SWMU) 7 at the Former Naval Ammunition Storage Detachment Vieques Island, Puerto Rico

Dear Ms. Shannon:

On behalf of LANTDIV, CH2M HILL is pleased to submit four copies of the Draft Remedial Investigation Report (RI) for SWMU 7 at the Former Naval Ammunition Storage Detachment, Vieques Island, Puerto Rico. Comments and suggestions from EPA and PREQB on the Draft No Further Action Report for Nine Sites were incorporated during the preparation of this RI report. The human health and ecological risk assessments were prepared in accordance with the CERCLA guidance, and human health risk tables are presented in the EPA RAGS Part D format.

The document was also sent to the EPA Caribbean Office, PREQB, and DOI. The LANTDIV proposes to review this report during the next CTC meeting in June for preliminary comments from the agencies.

Should you have any questions regarding the above, please do not hesitate to call Dr. Vijaya Mylavarapu at 352-335-8577 ext. 2224 or me at 813-874-6522 ext. 4307.

Sincerely,

Martin J. Clasen, P.G.
