Director, Environmental Programs
Naval Facilities Engineering Command Atlantic
Norfolk, VA 23508-1278

Re: Record of Decision – Area of Concern H
Former Naval Ammunition Support Detachment
Atlantic Fleet Weapons Training Area (Vieques Superfund Site), Vieques, PR

Dear Mr. Curfman:

This is to inform you that after reviewing the Draft Final Record of Decision (ROD) and other supporting documents, the U.S. Environmental Protection Agency (EPA) concurs with the ROD for the Area of Concern (AOC) H, former Energy Power Plant and Fire Training Operations area. Therefore, on behalf of EPA, I have co-signed the ROD and have enclosed the document for distribution by the Navy.

The ROD for the AOC H documents past investigations taken under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) program. As a result of these investigations, no action is required. Please note that this ROD addresses only the above mentioned area of concern. All other areas at the Vieques Superfund Site are being addressed under separate RODs and/or operable units.

If you have any questions regarding the subject of this letter, please contact me at (212) 637-4390 or have your staff contact Daniel Rodríguez at (787) 741-5201.

Sincerely,

George Pavlou
Acting Director
Emergency and Remedial Response Division
