5 Post Office Square, Suite 100
Boston, MA 02109-3912

Ms. Claudia Sait
Remedial Project Manager
Maine Department of Environmental Protection (MEDEP)
Bureau of Remediation and Waste Management
17 State House Station
Augusta, ME 04333-0017

Dear Mr. Daly and Ms. Sait:

Enclosed please find an addendum to the Final Technical Memorandum, Groundwater and Vapor Intrusion Investigation for Building 250 and Hangar 4 at former Naval Air Station Brunswick, Maine, dated November 2013. The addendum consists of an additional appendix (Appendix E) providing the Navy's responses to the following comments on the technical memorandum:

- MEDEP comments dated January 30, 2013, on the Draft Technical Memorandum.
- MEDEP comments dated September 27, 2013, on the Draft Final Technical Memorandum.
- Brunswick Area Citizens for a Safe Environment comments dated September 18, 2013, on the Draft Final Technical Memorandum.

In addition, enclosed are replacement sheets for the text of the Final Technical Memorandum and a revised CD with the updated final document. The replacement sheets provide minor revisions to the text to clarify the locations within Building 250 and Hangar 4 referenced in the report. The revisions made in the replacement sheets are indicated in the table included with the

replacement sheets. None of these revisions changes any of the technical assessments or findings of the report. Please append the hard copy of the final document with the new appendix, replace the indicated pages with the provided replacement sheets, and replace the CD.

If you have any questions or comments, please contact the Navy's Remedial Project Manager, Todd Bober at (215) 897-4911.

Sincerely,

Paul F. Burgio
BRAC Environmental Coordinator
By direction of BRAC PMO
