Boston, MA 02109-3912

Mr. Richard Gottlieb
Office of Waste Management
Rhode Island Department of Environmental Management
235 Promenade Street
Providence, RI 02908-5767

Dear Ms. Williams and Mr. Gottlieb:

Enclosed is Revision 1 of Feasibility Study (FS) for Installation Restoration Program (IRP) Site 16 at the Former Naval Construction Center (NCBC), Davisville. The Navy appreciates the EPA and RIDEM comments received regarding Revision 0 of the FS document (published February 2009). This version of the document incorporates our responses to those comments and also reflects conclusions based on data collected during 2010 FS Support Field Investigation. This data was provided to the EPA and RIDEM on November 12, 2010.

In accordance with section 7.6 (b) and (c) of the Federal Facilities Agreement for NCBC Davisville, we are available to make an oral presentation to the Agencies regarding Revision 1 of FS during the comment period. The Navy is recommending that such a presentation be scheduled for March 16 or 17, 2011. We believe that the presentation and associated discussions would be beneficial to resolving any outstanding issues and achieving our collective long-term goals for Site 16.

If you have any questions, please do not hesitate to contact the Remedial Project Manager, Mr. Jeff Dale, at 215-897-4914.

Sincerely,

A handwritten signature in black ink, appearing to read "David Barney", written over a horizontal line.

David Barney
BRAC Environmental Coordinator
By direction of BRAC PMO

Enclosure:
Revision I of FS for IRP Site 16 at Former NCBC Davisville
