Re: *"Draft Final Sampling and Analysis Plan to Support the FS for IRP site 16, dated April 2010 at the Former Davisville Naval Construction Battalion Center (NCBC), Rhode Island*

Dear Mr. Dale:

Pursuant to § 7.6 of the Davisville Naval Construction Battalion Center Federal Facility Agreement dated March 23, 1992, as amended (FFA), the Environmental Protection Agency has reviewed the subject document.

This work plan has improved since the draft and has satisfactorily addressed many of EPA's original comments. The additional data collection is appreciated. EPA will review the data in light of the problem statements and may make additional recommendations to completely address the problem statements once the entire effort is complete. It is anticipated that these additional efforts may be undertaken during the remedial design for this site.

EPA notes Navy has promised to coordinate with EPA in a number of data submittals during the field effort. EPA requests Navy provide timely submittal of data so that EPA has enough time to review and make recommendations.

If you have any questions with regard to this letter, please contact me at (617) 918-1384.

Sincerely,

A handwritten signature in blue ink, appearing to read "Christine A.P. Williams".

Christine A.P. Williams, RPM
