Dear Mr. Reis:

Enclosed please find the Final Tier II Sampling and Analysis Plan (SAP) for the Remedial Investigation of the QDC Outfall 001 Site, also known as Operable Unit 10 (OU 10), to be conducted at the Former Naval Construction Battalion Center (NCBC) Davisville, North Kingstown, Rhode Island. The document describes the field activities to be completed at OU10 between March and June of 2014. The attached Coastal Zone Consistency Determination was completed for the proposed work in accordance with Title 15 of the Code of Federal Regulations, Part 930 Subpart C, Consistency for Federal Activities to the extent consistent with 42 U.S.C. section 9621(e)(1). The Navy has determined this action is consistent with the Rhode Island Coastal Resources Plan to the maximum extent practicable.

If you have any questions regarding the Sampling and Analysis Plan or concerns regarding the planned field activities for OU10 please contact me at (617) 753-4656. Thank you in advance for your review of our documents.

Sincerely,

A handwritten signature in black ink, appearing to read "David Barney", written in a cursive style.

DAVID BARNEY
BRAC Environmental Coordinator
