Dear Mr. Haskell:

Stone Environmental, Inc. (Stone) is pleased to present for your review an electronic copy of the Final Risk Assessment Work Plan (Work Plan) for the Former Nike Battery PR-58, located in North Kingstown, Rhode Island. The document addresses comments received from the Rhode Island Department of Environmental Protection and the U.S. Environmental Protection Agency. Upon your approval of the document, five hard copies of the document will be sent to CENAE and one to each of the stakeholders. An electronic copy of the document on compact disk will also be included with each hard copy.

This document was prepared by Stone and has been reviewed by a technical editor. This submission has been subjected to review and coordination procedures to ensure:

- (a) Completeness for each discipline commensurate with the level of effort for this submission;
- (b) Elimination of conflicts, errors, and omissions; and
- (c) Overall professional and technical accuracy of this submission.

Please feel free to contact me with any questions or comments.

Sincerely yours,
