Notice of Availability of Proposed Plans: A Proposed Plan for AOCs 4A and 55D and a Proposed Plan for AOCs 8 and 53, at NAS South Weymouth, Weymouth, Massachusetts, are available for public review. Based on

the available information, the Navy proposes that "No Action" under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) is necessary for AOCs 4A and 55D, and "No Further Action" is necessary for AOCs 8 and 53. The public is encouraged to review the information and provide comments.

Notice of Public Comment Period and Meeting: The formal comment period for both Proposed Plans is from July 2, 2007 to August 1, 2007. On July 19, 2007, the Navy will hold an informal poster session from 6:00 p.m. to 7:00 p.m. A public meeting will follow from 7:00 p.m. to 8:00 p.m., during which the Navy will provide technical presentations and host a question-and-answer session. Finally, the Navy will hold a formal public hearing from 8:00 p.m. until all comments are heard. During this hearing, the Navy

will accept oral comments and an official transcript of comments will be recorded.

Both oral and written comments will be accepted during the 30-day comment period. The Navy will work closely with the U.S. Environmental Protection Agency (EPA) to determine the final remedies after the comment period ends and all comments have been considered.
