TY SUBPARCELS  
FORMER NAVAL AIR  
STATION (NAS) SOUTH  
WEYMOUTH, MA**

The Navy announces the availability of a Finding of Suitability to Transfer (FOST) for review prior to signature by Navy. This Revised FOST reflects changes that have occurred since public comments were received on the draft FOST in 2004. The acreage has changed slightly; however, the number of sub-parcels has increased from 12 to 30, due to zoning changes approved in 2005. While the FOST was revised to present the 30 subparcels, the changes to the 2005 Reuse Plan have no impact on this FOST. The FOST documents that the parcels are suitable for transfer under the terms and conditions of this FOST and that the environmental conditions are suitable for unrestricted reuse.

Copies of the FOST are available for public review at the Information Repositories listed below for a 30-day review period, April 2 to May 1, 2007.
