Dear Mr. Magwood:

I have completed my review of the Second and Third Quarter Treatability Study Letter Reports, BP Wells Site, Naval Air Station Cecil Field, dated November 17, 2003 and November 21, 2003, respectively (received November 18, 2003 and November 24, 2003, respectively), prepared and submitted by Tetra Tech NUS, Inc. The reports are adequate for their intended use. I concur with Tetra Tech's recommendation to continue groundwater monitoring as specified in the Treatability Study Work Plan.
