RE: Final Feasibility Study Report for Operable Unit 10, Site 21 -
Golf Course Maintenance Area, Naval Air Station Cecil Field,
Jacksonville, Florida.

Dear Mr. Davidson:

The Department has completed its review of the Final Feasibility Study Report for Operable Unit 10, Site 21 - Golf Course Maintenance Area, Naval Air Station Cecil Field, dated October 2003 (received October 24, 2003), prepared and submitted by Tetra Tech NUS, Inc. The document is suitable for its intended use and is approved as final. The Department previously approved the Feasibility Study for this site on December 18, 2002. This Feasibility Study adds land use controls to non-residential use and excavation and off-base disposal as remedial alternatives for soil.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.G.
Remedial Project Manager
