Dear Mr. Davidson:

I have completed my review of the Draft Record of Decision, Operable Unit 12, Site 32, DRMO Asphalt Storage Yard, NAS Cecil Field, dated May 2004 (received by e-mail May 12, 2004). My comments on a previous version of the Draft Record of Decision for Site 32 have been addressed. However, based on a teleconference to discuss the Record of Decision for Site 25, it was decided that future Records of Decision would incorporate standard language at the end of Section 1.2 that the Department concurs with the selected remedy. This language had been removed from the Record of Decision for Site 45. Please add this language. I believe that once EPA's comments on this Draft Record of Decision have been addressed and the concurrence language added, the Record of Decision may be finalized.

If you have any questions concerning this review, please contact me at (850)245-8997.

Sincerely,

David P. Grabka, P.G.
