RE: Draft Annual Groundwater Monitoring Report - Year 2 for  
Operable Unit 10, Site 21, Naval Air Station Cecil Field,  
Florida.

Dear Mr. Davidson:

I have completed my review of the Draft Annual Groundwater Monitoring Report - Year 2 for Operable Unit 10, Site 21, Naval Air Station Cecil Field, dated July 2004 (received July 16, 2004), prepared and submitted by Tetra Tech NUS, Inc. The draft report appears adequate for its intended use and may be finalized. I also concur with the recommendation to decrease the groundwater sampling frequency to annually. Please submit the Appendix A Year 2 Analytical Laboratory Results with the final report (electronic copy).

If you have any concerns regarding this letter, please contact me at (850)245-8997.

Sincerely,

David P. Grabka, P.G.  
Remedial Project Manager
