RE: March 2005, Post Active Remediation Monitoring Report,
Building 9, Former Tanks 9L1 and 9L2, Naval Air Station
Cecil Field, Jacksonville, Florida

Dear Mr. Magwood:

I have reviewed the March 2005, Post Active Remediation Monitoring Report, Building 9, Former Tanks 9L1 and 9L2, Naval Air Station Cecil Field, dated July 2005 (received August 8, 2005), prepared and submitted by Terraine, Inc. The report adequately describes the results of the second quarter of post active remediation groundwater monitoring. I concur with the consultant's recommendation to continue post active remediation monitoring as specified in the Department's October 18, 2004 Post-Active Remediation Monitoring Plan Approval Order.

If I can be of any further assistance with this matter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.G.
Remedial Project Manager
