SUBJ: Draft Final Site Management Plan, Fiscal Year 2007  
Naval Air Station, Cecil Field, Florida

Dear Mr. Davidson:

Thank you for the email transmitting a Draft Final Site Management Plan for Fiscal Year 2007 that adequately addresses EPA's comments. We greatly appreciate your use of this method of communication. EPA approves the subject document. We note that this is a very aggressive schedule and involves a lot of work. We are also aware that Murphy's Law frequently impacts the best of planning. Should this happen, we have some flexibility to work thru the problem. Please keep us closely informed as we work thru this process, and let us know what we can do to help in any way. We are committed to more timely reviews of documents in the future than in the past, much shorter than identified in the Federal Facilities Agreement. We are also committed to more frequent communication in the future than in the past. If you have any questions, please call me at (404) 562-8549.

Sincerely,

A handwritten signature in black ink that reads "Doyle T. Brittain".
