RE: Site Rehabilitation Completion Letter Report, Ortega River Overpass - JP5 Valve
Location CF-VA06, Naval Air Station Cecil Field, Jacksonville, Florida

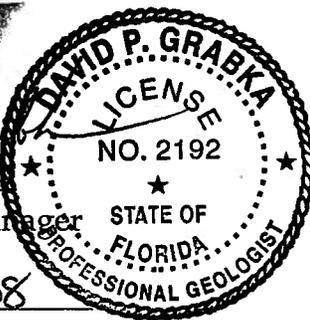

Dear Mrs. Nwokike:

I have completed my review of the Site Rehabilitation Completion Letter Report, Ortega River Overpass - JP5 Valve Location CF-VA06, Naval Air Station Cecil Field, dated April 18, 2008 (received April 18, 2008), prepared and submitted by Tetra Tech NUS, Inc. Based upon my review of this document in conjunction with the Site Assessment Report for the Jet Fuel Pipeline (Tetra Tech NUS, April 2002) and the Source Removal Report for the Contaminated Soil Removal at Ortega River Overpass - JP5 Valve Location (CH2M Hill, February 2002), the enclosed Site Rehabilitation Completion Order (SRCO) was signed by Mr. Doug Jones, Chief, Bureau of Waste Cleanup. The No Further Action Proposal was incorporated by reference in the SRCO.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.C.
