RE: Operations and Maintenance Status Reports, Building 199, (Third Contract Quarter 2006 and 2007), Former Naval Air Station Cecil Field, Jacksonville, Florida.

Dear Mr. Davidson:

I have completed my review of Operations and Maintenance Status Reports, Building 199, (Third Contract Quarter 2006 and 2007), Former Naval Air Station Cecil Field, dated February 24, 2006 and February 28, 2007, respectively (downloaded on February 8, 2007 and received March 16, 2007, respectively), prepared by ESA Environmental Specialists, Inc. Based on my review, the report is acceptable. I concur with the recommendation that a Site Rehabilitation Completion Report (SRCR) be prepared. The SRCR must be signed and sealed by a Professional Geologist or Professional Engineer, will include a summary of all activities that have taken place at the site and will have the information required by Rule 62-770.690(10), Florida Administrative Code.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.
