Subject: Draft Sampling and Analysis Report, December 11, 2001  
Former Fuel Depot Area - Abandoned Railroad Bed Site  
Naval Air Station Cecil Field, Jacksonville, Florida

Dear Mr. Davidson:

The U.S. Environmental Protection Agency has reviewed the subject document. The draft report is adequate for its intended purpose and may be finalized. EPA concurs with the conclusions and recommendations, however, it should be noted that since the site was not remediated to levels adequately protective for residential usage, it will be necessary to implement institutional controls at this site.

Should you have any questions, or if I may be of further assistance, please contact me at (404) 562-8575 or at [taylor.dawn@epa.gov](mailto:taylor.dawn@epa.gov).

Sincerely,

A handwritten signature in cursive script that reads "Dawn C. Taylor".

Dawn C. Taylor
