RE: Final Sampling and Analysis Report the Former Fuel Depot,  
Abandoned Railroad Bed Site, Naval Air Station Cecil Field,  
Florida.

Dear Mr. Davidson:

I have completed my review of the Final Sampling and Analysis Report for the Former Fuel Depot, Abandoned Railroad Bed Site, Naval Air Station Cecil Field, dated March 2002 (green cover, signature and certification pages received March 7, 2002). The report is suitable for its intent and is approved as final. As remedial actions at this site did not remediate the site to levels protective for residential usage, institutional controls are required as part of the final remedy for the site.

If you have any concerns regarding this letter, please contact me at (850)921-9991.

Sincerely,

David P. Grabka, P.G.  
Remedial Project Manager
