RE: Construction Completion Reports for the Installation of a Nutrient Injection System at Building 9; the Installation of a Nutrient Injection System at Building 46; and the Installation and Expansion of the Air Sparging/Soil Vapor Extraction System for the 103rd Street and "A" Avenue Jet Fuel Transfer Pipeline, Naval Air Station Cecil Field, Jacksonville, Florida

Dear Mr. Magwood:

The Department has completed its review of the Construction Completion Reports for the Installation of a Nutrient Injection System at Building 9; the Installation of a Nutrient Injection System at Building 46; and the Installation and Expansion of the Air Sparging/Soil Vapor Extraction System for the 103rd Street and "A" Avenue Jet Fuel Transfer Pipeline, Naval Air Station Cecil Field. The Construction Completion Reports for Buildings 9 and 46 were dated December 2001 (received December 14, 2001) with certified as-built construction drawings dated June 29, 2004 (received June 30, 2004). The Construction Completion Report for 103rd Street and "A" Avenue was dated June 2003 (received June 11, 2003) with certified as-built construction drawings dated June 29, 2004 (received June 30, 2004). The Construction Completion Reports and certified as-built construction drawings are adequate for their intended purpose. I have attached a Certification of Approval from Jeff Lockwood, P.E., to this letter.

If I can be of any further assistance with this matter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.G.
Remedial Project Manager

CERTIFICATION OF APPROVAL

RE: Construction Completion Reports for the Installation of a Nutrient Injection System at Building 9; the Installation of a Nutrient Injection System at Building 46; and the Installation and Expansion of the Air Sparging/Soil Vapor Extraction System for the 103rd Street and "A" Avenue Jet Fuel Transfer Pipeline, Naval Air Station Cecil Field, Jacksonville, Florida

I have reviewed the certified as-built construction drawings dated June 29, 2004 (received June 30, 2004) submitted pursuant to the above-referenced documents. The drawings are adequate for their intended purpose. Mr. Michael D. Halil, Florida Professional Engineer No. 58049, is the engineer of record.

I have not evaluated and do not certify aspects of this plan that are outside the limits of my review responsibilities and outside of my area of expertise, including but not limited to electrical, mechanical, and structural features.

Jeffrey D. Lockwood, P.E.
Professional Engineer No. 39554
