Re: Response to Comments for the Zone J RFI Report- Part One, Zone J Eco Screening Levels Memorandum, and Zone J Scoping Package for the Work Plan Addendum

To All Trustees:

The attached Response to Comments for several Zone J documents has been generated to inform all trustees of the current investigative strategy for the Zone J RCRA Facility Investigation (RFI). The next phase of the Zone J RFI is to implement the Zone J Point of Entry Effluent Sampling Work Plan, which was submitted at the end of September 2001 and is currently being reviewed by members of the Charleston Naval Complex BCT team. Comments are expected by the end of November 2001 with preparations for field work to begin in December 2001.

If you should have any questions concerning the Response to Comments document, please feel free to call me at (843) 884-0029 or email me at cvernoy@ensafe.com.

Sincerely,

Charlie Verno

Task Order Manager
