Re: Interim Measure Work Plan Addendum for SWMU 6, Zone G

Dear Mr. Scaturo:

Enclosed please find four copies of the Interim Measure Work Plan Addendum for SWMU 6 in Zone G of the Charleston Naval Complex (CNC). The purpose of this addendum is to present minor revisions to the technical approach for excavation of soils contaminated with PCBs, pesticides, and BEQs at the site. This addendum refines the IM Work Plan excavation area and proposes additional delineation and confirmation testing.

The principal author of this document is David Lane. Please contact him at (352) 335-5877, extension 2320, if you have any questions or comments.

Sincerely,

CH2M HILL
