Re: Corrective Action Plan dated 29 August 2000
Zone F/Site 22-Building 242 (Site Identification # 10645)
Charleston Naval Complex/Charleston Naval Base
Charleston, SC
Charleston County

Dear Mr. Magwood:

The author has completed technical review of the referenced document. As submitted, the plan provides a short term monitoring program to establish natural intrinsic biodegradation/attenuation as the remedial process for groundwater contamination at the subject site. The proposed monitoring program appears reasonable for the known contaminants and the facility may proceed, as appropriate.

Should you have any questions please contact me at (803) 898-3559 or bristopl@columb32.dhec.state.sc.us.

Sincerely,

Paul L. Bristol, Hydrogeologist
