Berkeley County

for the construction of monitoring wells designated MWGS-35 through MWGS-38 in accordance with the construction plans and specifications submitted on February 6, 1992.

This well will be constructed to the approximate depth of 18 feet below the surface and screened in the surficial aquifer for the purpose of monitoring ground-water quality.

Conditions: That the latitude and longitude and actual construction details for each well be submitted within 30 days after installation. That the District Hydrologist, Christine Sanford Coker, Trident EQC District Office, (803) 554-5533, be notified at least 72 hours prior to installation.

This approval is pursuant to the provisions of Section 44-55-40 and Section 48-1 of the 1976 South Carolina Code of Laws and the Department of Health and Environmental Control Regulations R.61-71.

Please reference the GWPD Site Number on all correspondence.

Date of Issue February 6, 1992.
