REPLY TO
ATTN OF: RDV

SUBJECT: Herbicide Orange Programs at the Naval Construction Battalion Center (NCBC)

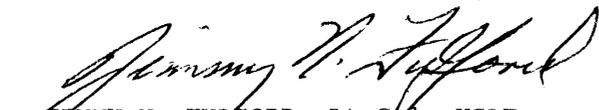

TO: Mr. Jim Cluff
Naval Construction Battalion Center (NCBC)
Public Works Department
Planning Division/Environment
Code 470
Gulfport, MS 39501

1. HQ Air Force Engineering and Services Center, Environics Division (AFESC/RDVW) has planned a greatly expanded program at NCBC. The expanded program includes site monitoring, soils mapping and demonstration of site restoration technologies.
2. To preclude any confusion as to the roles of various AF project officers in the expanded program I will outline their names and responsibilities:
 - a. Capt Terry Stoddart, AFESC/RDVW
 - 1) Herbicide Orange Focal Point
 - a. Site monitoring (over sight)
 - b. Site demonstrations
 - c. Over all project coordination
 - d. Telephone (904) 283-2942
AUTOVON 970-2942
 - b. Lt Al Rhodes, AFESC/RDVW
 - 1) Site monitoring
 - 2) Telephone (904) 283-2942
AUTOVON 970-2942
 - c. Lt Ed Heyse, AFESC/RDVW
 - 1) Site demonstrations
 - 2) Telephone (904) 283-4628
3. Should you need specific information, please feel free to contact the project officer responsible for the particular activity. Questions pertaining to work coordination, policy or management should be addressed to Capt Stoddart.

4. All correspondence from AFESC/RDVW to NCBC will be mailed directly to the Public Works Department, Planning Division/Environmental Office Code 470.

5. Should you have questions on this topic, please do not hesitate to contact me at AUTOVON 970-2097.

JIMMY N. FULFORD, Lt Col, USAF
Chief, Environics Division.
