Re: Draft Focused Feasibility Study, Site 8, Herbicide Orange Storage Area, Naval Construction Battalion Center, Gulfport, Mississippi, August 2001.

The Mississippi Office of Pollution Control has reviewed the above referenced document. The document is adequate for the intended purpose. One minor typographical error was noticed in the last paragraph of page ES 1, where Site 9 should read Site 8. We look forward to receipt of the final document.

Please feel free to contact me if I can be of further assistance.

Sincerely,

Bob Merrill
