Off Base Community Sampling Report, Naval Construction Battalion Center Gulfport, Draft Mississippi, July 2003.

The Mississippi Office of Pollution Control has received the response to comments concerning the above referenced document. The corrected pages have been inserted into the draft document as requested. The corrections appear to address concerns expressed in the two previous comment letters (dated 20 June and 8 August, 2003). Although corrected pages have been inserted into the draft document, the cover title and page headings indicate that the document is in draft form so a new final document should be issued.

Please feel free to contact me if I can be of further assistance.

Sincerely,

Bob Merrill
