Dear Mr. Johnston:

My name is Mamie Worthen. I am a member of the Gulf Coast Tenants Organization. I work in the communities that surround the Naval Construction Battalion Center (NCBC). I have been talking with residence about a study showing that dangerous Chemicals on the base and that they maybe in our neighborhoods.

The Military Base is planning on doing some testing in the near future. The community, where I live and work, would like very much to hire an person to do the testing for us, so we would like for you to send us an application so that we can apply for the Technical Assistance Grants.

Thank you for your time and cooperation.

Sincerely yours,

Mamie Worthen
