Dear Major Stoddart:

Our office has received your closure notification and closure plan as required by the above referenced permit. After careful review, we see no problems with the plans as submitted. In response to your suggested modification to clarify permit language regarding closure, we feel that this will not be necessary. We will note in our files that since your waste disposal system is located within a military facility, the premises will not be closed or abandoned.

As soon as the facility is completely shut down, we request that you notify us in writing. Our office will then schedule an inspection of the facility to verify the facility is shut down and that the closure plan has been carried out. Pending a satisfactory inspection, our office will then recommend to the Permit Board that your permit be revoked.

If you have any questions or comments, please call me at (601) 961-5171.

Sincerely,

A handwritten signature in cursive script that reads "Jerry C. Beasley".
