1. The purpose of this letter is to uphold one of our commitments specified in refernce (a) by informing you of a meeting to be held with the Mississippi Department of Environmental Quality (MSDEQ) on 19 October, 1995, in Jackson, MS regarding the subject site. Reference (a) also states the we will obtain your concurrence prior to making a commitment to the regulators that could result in a demand for additional Air Force funding. We anticipate that further remediation/sampling activities will be discussed and agreed to at this meeting; therefore, we request that you make every effort to attend.
2. If you have any questions, please contact me at (803) 743-0331.
