Re: Site 8 (Former Herbicide Orange Storage Area) Sampling and Analysis Plan, Sites 8B and 8C Engineering Effort, Naval Construction Battalion Center Gulfport, MS, Draft, December 2014.

The Mississippi office of Pollution Control has reviewed the above referenced document. No concerns about the sampling and analysis plan were noted during document review and planned objectives mirror those described during meeting presentations and discussions. The document should be issued as final after concerns from all other reviewers have been addressed.

Feel free to contact me if I can be of further assistance.

Regards,

*Bob Merrill*
