**Re: Post Storm Surge Evaluation Report for Solid Waste Management Units 1, 2, 4 and 5,
Naval Air Station Key West, Florida**

Dear Mr. Hayworth,

The Department has completed the technical review of the above referenced document dated December 2007 (received December 24, 2007). The Department concurs with the recommendations listed in Section 4 of this report, which are as follows:

1. Expand the boundaries of Solid Waste Management Units (SWMU) 1 and 2.
2. Recommend SWMU 4 for No Further Action and be transferred to the appropriate table in HSWA permit for NAS Key West.
3. Scale back the monitoring program to include only the pond in future sampling events.

If I can be of any further assistance with this matter, please contact me at (850) 245-8998.

Sincerely

A handwritten signature in blue ink that reads "Tracie L. Bolanos".
