19.01.00.0067

Dear Neighbor:

Naval Station Mayport (NAVSTA) is required by Federal regulations to notify members on the facility Installation Restoration mailing list of any modification to NAVSTA's Resource, Conservation and Recovery Act (RCRA) permit. This letter will serve as your notification of the United States Environmental Protection Agency (USEPA) approval on April 13, 1995, of changes to our cleanup schedule, referred to in our permit as the Corrective Action Management Plan (CAMP).

We have enclosed a copy of the approved CAMP schedule which reflects a change in "Completion Dates" for submission of workplans and reports regarding the environmental investigation and cleanup program at NAVSTA. This change is primarily due to field work investigation postponements arising from the above normal rainfall experienced during the summer of 1994 and laboratory analysis delays due to the large number of samples collected.

If you have any comments or concerns, please respond in writing to Cheryl Mitchell, N4E4, Naval Station Mayport, Mayport, FL 32228-0067, no later than July 21, 1995. Thank you for your continued interest in NAVSTA's environmental program.

Sincerely,

DOUGLAS P. TOMLINSON
Lieutenant Commander, CEC, U.S. Navy
Staff Civil Engineer
By direction of
the Commanding Officer
