Interim Remediation Work Plan for Solid Waste
Management Units 2; Mayport, Florida; June 1995,
Revision 1; Prepared by Bechtel Environmental, Inc.,
Oak Ridge, Tennessee.

I have reviewed the engineering document, Interim Remediation Work Plan for Solid Waste Management Unit 2, dated June 1995, Revision 1, (received July 20, 1995) prepared by Bechtel Environmental, Inc., Oak Ridge, Tennessee (Frank B. Cater, P.E., Florida #42508, engineer of record). I concur with the Navy's responses and revisions, and I approve the Interim Remediation Work Plan for the subject site. My Certification of Approval for this engineering document is attached as enclosure (1).

This engineering document is part of the project documentation for construction of the Interim Measure at Solid Waste Management Unit 2, Naval Station Mayport, Florida. I have included two copies of my Certifications of Approval for the Navy's files and the facility's administrative record. Please request the Navy to place a copy of this certification along with an original signed and sealed copy of the subject engineering document into the administrative record before construction begins.

If you have questions, please call me at (904) 488-3935.
