RE: CTO 7 – Sampling and Analysis Plan; Naval Station Mayport (NAVSTA), Florida

Dear Ms. Wilson:

I have received the above document dated February 25, 2000 (received February 28, 2000). The document is acceptable. While not a formal part of the Plan, I suggest that all analytical data be submitted also in digital form. This will make incorporation of such data into the GIS format easier.

If you need further clarification or any additional information, please feel free to contact me at 850-921-4230.

Sincerely,

James H. Cason, P.G.
Remedial Project Manager
