RE: Performance/Status Report for Solid Waste Management Units 6 and 7 at Naval Station,  
Mayport, Florida

Dear Ms. Wilson:

I have reviewed the above document dated April 3, 2001 (received April 6, 2001). The document indicates that we are bailing very little free product at the site. I assume that this document will be the last report from Battelle for this site. Please know that I am also reviewing the TetraTech NUS report of May 2, 2001 which will help us to further assess what our future efforts at the site will be and which we will discuss at the Partnering meeting June 5. The above document is acceptable.

If you need further clarification or any additional information, please feel free to contact me at 850-921-4230.

Sincerely,

James H. Cason, P.G.  
Remedial Project Manager
