RE: Draft Corrective Measures Study, SWMU 13, Naval Station Mayport, Mayport, Florida

Dear Ms. Wilson:

I have reviewed the above document dated August 2004 (received August 30, 2004). Mr. Jeff Lockwood, P.E., has also reviewed the document and has furnished comments, which follow. Please consider deleting the 95% UCL data pages in Appendix C. for iron and manganese since they apparently pertain incorrectly to groundwater. Additionally, please add a reference to Appendix C. in the last sentence on page 1-17 following the 95% UCL reference. Otherwise, the document is acceptable. Please finalize it.

Thank you for the opportunity to review this document. If you require further clarification or other assistance, please contact me at 850-245-8999.

Sincerely,

James H. Cason, P.G.
