Dear Mr. Syme:

I have received this Accident Prevention Plan and Site Safety and Health Plan document dated July 6, 2012 which was received on July 9, 2012 and was completed under Contract Task Order JM71. FDEP does not usually review or concur on these Health and Safety Plans (HASPs). If there is something specific the Navy wants FDEP to review about the HASP that is unique, or FDEP based (like FDEP approved Standard Operating Procedures for sampling), then please advise accordingly.

Thank you for the opportunity to review this document. If you require additional clarification or other assistance, please feel free to contact me at 850/245-8999.

Sincerely,

John Winters, P.G.  
Remedial Project Manager
