RE: Review of Final Draft Implementation Plan for NELP Technology
Demonstration for Bioaugmentation at SWMU 15, NAVSTA Mayport

Dear David:

I have reviewed the above named document dated November, 1995 (received December 7, 1995). Other than containing an outdated reference to the Cleanup Goals for Florida Soils (the new goals Memorandum is from Mr. John Ruddell and is dated September 29, 1995), the document has incorporated my previous comments and fulfills its stated purpose. Please use the newer soil cleanup goals in the project.

Thank you for the opportunity to review this document. If you have questions or require further clarification, please contact me at (904) 921-9994.

Sincerely,

James H. Cason, P.G.
Remedial Project Manager
