Orlando, Florida 32813-5010

RE: McCoy Wastewater treatment plant
NPDES No. FL0026069

Dear Mr. Arnold:

We have received the No Discharge Certification Form indicating that the referenced facility no longer discharges wastewater to surface waters of the United States. Accordingly, the National Pollutant Discharge Elimination System (NPDES) permit number for this facility has been inactivated.

If at any time in the future a discharge of pollutants to waters of the United States is desired, an application for an NPDES permit must be filed with EPA at least 180 days prior to the anticipated date of discharge.

If you have questions or comments, please contact Ms. Mary Gail Scott at 404/347-3776.

Sincerely yours,

B. R. Barrett
Bruce R. Barrett, Director
Water Management Division
