Attn: Ms. Barbara Nwokike, Code 1873

Subject: Designations of New Sites for Screening

Dear Ms. Nwokike:

In an effort to avoid any future confusion about the designation of some of the sites which will undergo screening activities and to be consistent with what we have done so far, we have established the following designations.

As you are aware, the last site designated for Group V is Study Area 42 (Building No. 2055, Maintenance Shop). With our "Site Screening Plan, Groups I through V Study Areas and Miscellaneous Additional Sites, Addendum 1" (October 95), two additional sites have been added to site screening activities.

The first additional site is comprised of the former North Grinder Landfill skeet range (AEC-MB-17 from the Technical Memorandum, U.S. Air Force Records Search, NTC, Orlando), the indoor rifle and pistol range at Building 229 (Main Base), and the indoor rifle and pistol range at Building 601.

The second additional site is comprised of the former missile training range (AEC-MB-13), and alleged disposal area for old silk-screening supplies (AEC-MB-8).

The first additional site will be designated Study Area (SA) 43 and the second additional site will be called SA 44.

Based on the findings the "Technical Memorandum, U.S. Air Force Records Search, NTC, Orlando" (September 1995), and in accordance with your instructions, we are currently preparing a workplan for site screening of nine of the sites described in the records search. Three of these sites are located on the Main Base, and the remainder are located at McCoy Annex. The sites from the Main Base and their new designations are:

- AEC-MB-02 SA 39
- AEC-MB-10 SA 40
- AEC-MB-11 SA 45

ABB Environmental Services, Inc.

1536 Kingsley Avenue  
Suite 127  
Orange Park, Florida 32073

Telephone (904) 269-7012  
Fax (904) 264-5632

The sites from McCoy Annex and their new designations are:

- AEC-MC-01 SA 46
- AEC-MC-06 SA 47
- AEC-MC-09 SA 48
- AEC-MC-17 SA 49
- AEC-MC-21 SA 50
- AEC-MC-25 SA 51

Because they will be investigated under the Air Force Additional Sites, SA 39 and SA 40 have been deleted from Group V.

Please call me if you have any questions or concerns.

Sincerely,

**ABB ENVIRONMENTAL SERVICES, INC.**
