RE: Final Specification for Site Monitoring, Operable Unit 3,
Naval Training Center, Orlando, Florida

Dear Mr. Hansel:

I have completed my review of the Final Specification for Site Monitoring for Operable Unit 3, Orlando Naval Training Center, dated January 2001 (received January 30, 2001), prepared and submitted by Harding Lawson Associates. The concept for implementing the groundwater monitoring plan, the institutional controls and site reviews is acceptable. Therefore, the report is approved as final.

If I can be of any further assistance with this matter, please contact me at (850)488-3693.

Sincerely,

David P. Grabka
