Dear Mrs. Nwokike:

The Florida Department of Environmental Protection has reviewed the Decision Document for Study Area 55, Area C, Naval Training Center Orlando. The Department concurs that soil removal activities have remediated the site to levels acceptable for unrestricted use. No contaminants were detected in groundwater at concentrations greater than their respective Florida groundwater cleanup target levels. Therefore, the Department concurs that no further action is required at this site.

If you have any questions concerning this letter of concurrence, please contact Mr. David P. Grabka, our NTC Orlando Remedial Project Manager, at (850) 245-8997.

Sincerely,

Michael W. Sole, Director
Division of Waste Management
