Dear Mr. Meyers :

The Florida Department of Environmental Protection concurs with Southern Division Naval Facilities Engineering Command's decision to remove the land use restriction at Study Area 29, Parcel 7, former Orlando Naval Training Center. Based upon information supplied in the Soil Sampling/Deed Restriction Status Report submitted by Nodarse & Associates, the deed restriction granting the Department third party beneficiary rights for the enforcement of residential use restrictions on the above parcel is no longer necessary.

If you have any questions concerning this letter of concurrence, please contact Mr. David P. Grabka, at (850) 245-8997.

Sincerely,

Michael W. Sole, Director
Division of Waste Management
