RE: Final Proposed Plan for Operable Unit 2, Naval Training Center, Orlando, Florida

Dear Mr. Sanford:

I have completed my review of the Final Proposed Plan for Operable Unit 2, Naval Training Center, Orlando, dated November 2012 (received May 17, 2013). The Proposed Plan adequately describes the selected remedy of landfill containment, source area groundwater control via a biobarrier, groundwater monitoring and land use controls. The public comment period for the Proposed Plan was complete in November 2012 and no comments were received. The document is suitable for its intent and the Department has no comments to make on it.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.G.
Remedial Project Manager
DoD and Brownfields Partnerships
